Part II  Organizational Action Attach additional statements if needed. See back of form for additional questions.

14  Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶

As The Female Health Company has an accumulated deficit of earnings and profit, tax characterization of its cash distributions to shareholders is first determined with reference to the Company's current earnings and profits. When that calculation was made in December 2012, it was determined that 97.94% of the November 7, 2012 cash distribution of $0.06 per share was not a dividend distribution under Code Section 301(c)(1).

15  Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶

97.94% of the November 7, 2012 cash distribution of $0.06 per share is treated as either a reduction of basis under Code Section 301(c)(2) or gain (if the distribution is in excess of basis) under Code Section 301(c)(3).

16  Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶

Per share amount not treated as a dividend under Code Section 301(c)(1) is calculated by multiplying the $0.06 per share cash distribution received by 97.94%.
